EXPERIENCE

Software Engineer — Apr 2025 - Jul 2025
Konvu — *Paris, France*

- Shipped end-to-end features across **FastAPI + React + PostgreSQL**, releasing to production in short cycles
- Translated feedback from customer calls into UX changes, continuously improving product flow
- Practiced solid engineering hygiene - small PRs, peer reviews, typing/linting/tests, concise docs

Cloud & DevOps Engineer — May 2023 - Mar 2025
Devoteam — *Paris, France*

- Productionized GenAI applications on **AWS SageMaker/Bedrock** by automating model packaging & serving with user-friendly CLIs, CI/CD, and IaC
- Built several serverless architectures on AWS (Lambda, Step Functions, SQS, API Gateway)
- Led architecture and delivery of an end-to-end edge demo (camera → KPI analyzer → AWS Greengrass IoT → React dashboard), presented reliably to hundreds at **AWS Summit Paris**
- Enforced lifecycle policies to remove unnecessary AWS backups, saving **$20k/month** in snapshot retention

Software Engineer — Jan 2022 - Jul 2022
Rakuten — *Paris, France*

- Designed, built, and released a network dependency mapping tool with **FastAPI + React/TS + Neo4j**
- Re-architected a network resilience simulation pipeline; reduced per-simulation runtime from **10 minutes** to **0.1 seconds** through algorithmic refactors and I/O optimizations

SKILLS

SWE Skills	FastAPI (Python), React (TypeScript), Postgres (SQL), event-driven, serverless, testing
DevOps Skills	AWS, Terraform (IaC), Docker, Kubernetes (Amazon EKS), CI / CD (GitHub, GitLab)
AI/LLM Skills	Prompt engineering, Agents, RAG, MCP, Huggingface, Whisper, Computer Vision (YOLO)
Soft Skills	Ownership, bias to action, collaboration, communication, technical pragmatism
Languages	French (native), English C2 (full professional)

EDUCATION & CERTIFICATIONS

Master in Software Engineering (RNCP 7) — 42 Paris	2019–2023
AWS Certified Solutions Architect — Associate	2023
HashiCorp Terraform — Associate	2023

VOLUNTEERING

- **Project Manager** (Junior-Entreprise 42 Paris) — Scoped business needs into technical specs, supervised student developers across client contracts, ensured on-time delivery and quality.
- **Tutor** (42 Paris) — Organized exams, evaluated incoming students, created learning materials.

AWARDS

1st place	Hotrace — programming competition, 42 Paris
1st place	Battlespace — programming competition, 42 Paris
Top 2% (82/7,695)	CodinGame Spring Challenge 2022 — online programming competition
